AUTO-LOAD SYSTEM:

- This new single-operator system is set to be a **game changer** in the world of Air Carts.
- Equipped with a bubble auger inside each tank, this cart will **do the work for you:** Filling each tank to capacity, every time.
- Without complicated lids and platforms, this is the **safest, fastest and most user-friendly** Air Cart available.
- The **loading height** is a mere **1,6m** from the ground.

PLANTING YOUR FUTURE

TWO MODELS AVAILABLE:

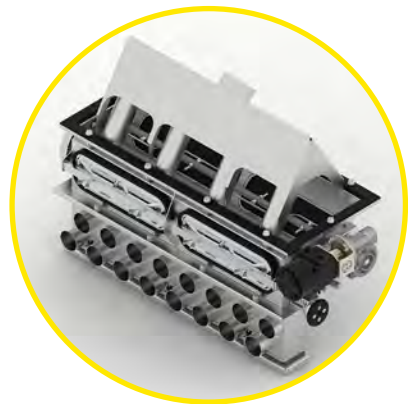

TOW-BETWEEN:

TOW-BEHIND:

- ① Dual mixer meterboxes allow the operator to mix fertilizer into the seed lines as a percentage of the total calibrated amount (0-100%). The hydraulic drive makes calibration effortless, while the low and high range gear settings allow for an application rate ranging from 2kg/ha to 150 kg/ha.

- ② Digi-Star scales per bin

- ③ Compatible with Greenstar, Topcon and other major control systems
Optional: Can be factory fitted with Mueller ISOBUS control system

- ④ Auto Load System: Bubble auger inside each tank which automatically fills the tank to capacity. This system was developed to allow a single operator to fill the Air-Cart in less time than 2 operators would fill a traditional Air Cart. [International Patent Rights Pending]

- ⑤ Optional: Hydraulic side-mounted auger

- ⑥ Optional: 2nd fan for double shoot distribution

- ⑦ 6000 litre or 4000 litre bins, depending on bin configuration

- ⑧ Hydraulic parking jack

- ⑨ Optional: 3-Point linkage
